Description

This property is the perfect project for anyone looking for a renovation opportunity that could be transformed into something special.

The stone building, currently allocated for services, was previously used as a workshop. However, by submitting a project to the city council, it could be converted into a dwelling or housing support.

It features a small patio of 168 m² and a well.

Situated in a quiet village, the property is just a few meters away from a café with a mini-market and meals.

The location is 11 km from Ferreira do Zêzere and 16 km from Tomar, with easy access to both.

Ferreira do Zêzere is a picturesque region in central Portugal, known for its stunning natural landscapes and tranquil environment. The area is surrounded by lush forests, rolling hills, and the beautiful Zêzere River, which offers numerous opportunities for outdoor activities such as hiking, fishing, and boating.
