Description

Set in a peaceful and private countryside location, this 910 m² rustic plot offers an attractive opportunity for those looking for a quiet retreat surrounded by nature.

Accessed via a tranquil dirt track, the land is planted with mature orange and olive trees and benefits from mains water and electricity connections.

The property includes an unlicensed rural construction arranged with a mezzanine, kitchenette and bathroom, as well as a septic tank. A campervan in need of restoration is also included in the sale, providing an additional project with potential for leisure use or supplementary accommodation.

With good privacy, established trees and existing utilities, this is an interesting option for anyone looking for a simple countryside getaway or a small rural project.

Please note: due to the current legal status of the construction, the property is not suitable for purchase with a mortgage.
